

## PRESS RELEASE

### TERACOM DENMARK ORDER ADDITIONAL 3 MULTIPLEXERS

**2018-01-18**

for immediate release

Teracom Denmark has ordered additional 3 complete DAB multiplexer systems. The system extends the current DAB platform at Teracom.

Karsten Madsen, Operation Manager at Teracom AS Denmark says:  
“Paneda has shown that their DAB system maintains the highest quality and reliability, and our completion order confirms these facts. Furthermore, our concept to build DAB infrastructure by our selves, using our data center is now well proven and show that this is the right choice for Teracom. Paneda with its DAB system optimized for data centres fits us perfectly, and Paneda has shown great expertise in this area. Teracom looks forward to continuing with DAB, along with Paneda”

*Lars-Peder Lundgren, Sales Manager at Paneda says:*

“This is another prestige order for us, and proves that our expertise in the area is appreciated, to have Teracom as customer, with their great knowledge about such system is challenging as well as it requires full focus, both on providing the very best system, but also on support”
